

# MM38 | ALL POSITION

### Product detail

- Compounded with Leader Rubber Company's exclusive MILEMASTER compound.

### Application

- An all position on/off tread product designed for drive and trailer wheel positions, for heavy service, long haul, regional and metro market segments.

### Features & Benefits

- Chamfered, slotted shoulder blocks provide for circumferential traction, whilst combating lateral scrub.
- Wide tread ensures optimum mileage in on/off road conditions in all wheel positions.
