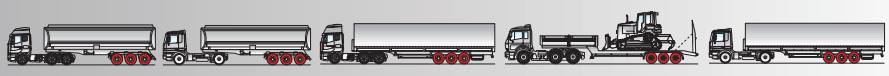
LEADER RUBBER COMPANY

RINGTREAD system

MARANGONI™

RZ-FE 100
TRAILER

The RZ-Fe100 bidirectional retread tire is issued from the RingTread vulcanization system to ensure uniformity in the tread pattern. It may be installed on trailers, has a depth of 14mm and offers optimal performance on local roads and over long-haul routes.



mm	mm		mm	no.	Sizes	Code
230	14,0	M	3170	36	295/80R22.5 *(12R22.5)*	RL21030733
245	14,0	M	3185	36	295/80R22.5 *(315/80R22.5)*	RL21030744
260	14,0	M	3185	27	12R22.5 *(315/80R22.5)*	RL21030754

Excellent directional stability, smooth running and driver comfort.

Even wear, noise reduction, resistance to overheating and good water dispersion.

Reduced tread wear.

Excellent operating costs, reduced fuel consumption and high mileage performance.
